

Incorporation

Q: I am starting a business and not sure how to choose a business structure.

A: Please refer to the [e-Advisor](#) on GoBusiness Singapore. There is a simulation tool where you can explore different entity structures and understand the incorporation process to help you choose the most appropriate business structure for your needs.

Q: I am unable to retrieve documents such as the constitution after the incorporation process has been completed.

A: Please log in to your BizFile account and select 'My Transactions'. Click on the registration of new business transaction, then click on the 'Download free business profile of this entity' link. You will be able to download the relevant extracts including your constitution and other incorporation documents.

Please note that product downloads will expire 30 days after delivery, and no extensions can be made beyond this period.

Q: How do you manage share capital and changes to shareholder during and after incorporation?

A: Please refer to the FAQs on [Shares and Updating Share information](#)
