

Navigating the new Bizfile: File Cessation or Dissolution of Business Entity – Limited partnership

The “File cessation or dissolution of business entity” eService allows you to cease the registration of a sole proprietorship or partnership, limited partnership, public accounting firm and foreign company. You can also use this eService to file for liquidation and dissolution of a limited partnership or foreign company.

Before applying, ensure that the entity has:

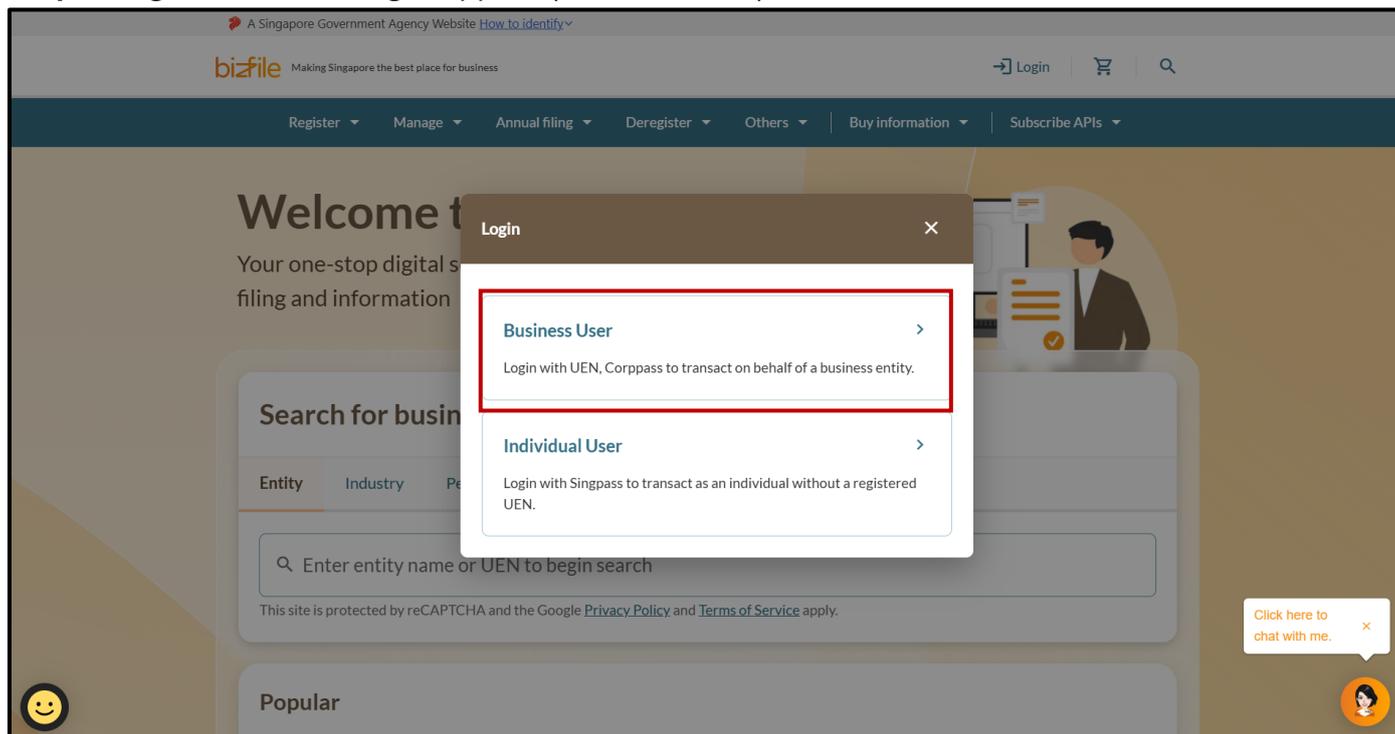

- Settled all administrative matters, including completing any ongoing contractual obligations, transferring vehicle ownership, and resolving any outstanding loans or grants that may be linked to your business
- Cancelled your GST registration with the Inland Revenue Authority of Singapore (IRAS), if your business is GST-registered

For limited partnership, the cessation or dissolution can be filed by the general partner or a Corporate Service Provider (CSP).
