

Template Declaration Form¹ for Audit Principal (in connection with Application for Registration as a Public Accountant)

This illustration provides guidance on completing the declaration form for an applicant who has gained his/her Qualifying Audit Experience (QAE) under the following scenarios:

- a. The QAE was acquired in more than one accounting entity;*
- b. The QAE was acquired under the direct supervision of more than one Audit Principal within an accounting entity; and*
- c. The QAE was acquired under the overall oversight of an Audit Principal in an accounting entity, which has implemented its quality controls in accordance with the Singapore Standard of Quality Controls 1, and those quality controls have been reviewed by the Authority to the Authority's satisfaction².*

Background:

In this illustration, the applicant has gained all 2,500 hours of QAE in Singapore. The experience was gained in two different firms (Firm A and Firm B).

Firm A

The applicant's QAE in Firm A was acquired in relation to audit engagements under the direct supervision of two Audit Principals, who were also the engagement partners for those audit engagements.

Firm B

Firm B is an accounting entity which has implemented its quality controls in accordance with the Singapore Standard of Quality Controls 1 (SSQC1), and its quality controls have been reviewed by ACRA to ACRA's satisfaction. In Firm B, the applicant was placed under the overall oversight of an audit principal who was the partner-in-charge of the audit department. The applicant was directly supervised by other public accountants in the firm in relation to the audit engagements where she gained her QAE.

¹ The declaration form is to be signed off separately by each of the applicant's audit principal under their respective firm's letterhead.

² This category of firms would currently only apply to public accounting entities in the public interest entity (PIE) segment for which ACRA has conducted firm-level inspections. Firms in this category may write in to ACRA to enquire whether their quality controls have been reviewed by ACRA to ACRA's satisfaction.
